Education & Training

- **Mindfulness Meditation Teacher Training Certification** 2021-2023
Offered by The Awareness Training Institute and the Greater Good Science Center at the University of California at Berkeley Virtual
- **TEAM-CBT Level 1 Certification** December 2020
The Feeling Good Institute Virtual
- **Board Certification in Neurogenic Communication Disorders (BC-NCD)** November 1999
Academy of Neurogenic Communication Disorders Rochester, MN
- **Master of Arts in Speech-Language Pathology** March 1993
Ohio University Athens, OH
- **Master of Arts in Linguistics** June 1991
University of Bombay Bombay, India
- **Bachelor of Science in Audiology and Speech Therapy** June 1986
University of Bombay Bombay, India

Honors & Awards

- 2021 GSHA Honors of the Association Award - given by the Georgia Speech-Language-Hearing Association (GSHA) during the annual conference in 2021 in recognition of longstanding involvement in GSHA and lifetime professional achievement in the field of communication sciences and disorders
- 2019 GSHA President's Gavel Award - given by the Georgia Speech-Language-Hearing Association (GSHA) during the annual conference in 2019 in recognition of outstanding service to GSHA.
- Award of Clinical Excellence (ACE) – granted by American Speech & Hearing Association (ASHA) in 2020, 2019, 2016, 2013, 2002, 2000, 1999, 1997 and 1996. It is a formal recognition of professionals who have demonstrated their commitment to lifelong learning by earning 7.0 ASHA continuing education units (CEUs), the equivalent of 70 contact hours, within a 36-month period.
- Hardin Community Partner Award – given by Georgia Works! in 2018. This award is presented to an exceptional individual for believing in and supporting the Georgia Works! mission to end

Infinite know how

homelessness, criminal recidivism and dependency through programs aimed at personal development in good habits, work ethic and character.

- Guest of Honor and Speaker at the Vibha Annual Conference – granted by the Vibha organization in 2017 for distinguished and invaluable contributions during the Annual Conference in Atlanta.
- Professional Achievement Award – given by the Georgia Speech-Language-Hearing Association (GSHA) in 2016. This award recognizes outstanding professional contributions in the areas of speech, language, and/or hearing disorders, and innovative program design or therapeutic methods for individuals with speech, language, and/or hearing disorders
- Stephanie Macaluso Expertise in Clinical Practice Award – granted by the Massachusetts General Hospital affiliated with Harvard Medical School (January of 2000). This award is presented in honor of practice that is innovative, caring, guided by knowledge, built on inquiry, and based on a foundation of leadership and entrepreneurial teamwork.
- Partners in Excellence Award – granted by the Massachusetts General Hospital affiliated with Harvard Medical School (December of 1999) for leadership and innovation. This award is presented annually to individuals and teams throughout the Partners HealthCare System for their exemplary performance and strong contribution to Partners.
- Award of Fluency Disorders Specialist – granted upon completion of the “Workshop for Specialist” sponsored by the Northwestern University and the Stuttering Foundation of America (July of 1997)

Entrepreneurship

ExQ®

2018 – Present

Founder/CEO

Atlanta, GA

- Founder and CEO of ExQ®, a patented, 100% digital, fully personalized learning and educational curriculum designed to build learn how to learn skills through self-awareness, error analysis and metacognitive training for middle and high school students. By developing Executive Function skills in children and adolescents, this tool hopes to promote self-optimization and strategic thinking.
 - Learning management software that translates learning into the development of optimal proficiency and self-efficacy
 - Game-based training to develop cognitive, social, and learning habits
 - Virtual coaching and error analysis training to help build self-awareness
 - Feedback about performance accuracy, self-awareness, and strategy generation
 - Builds tools and habits that will carry into the user’s real-world experiences

Podcast Host

Full PreFrontal®: Expositing the Mysteries of Executive Function

2017 –Present

- Explores the challenges and complexities of organizing one's life
- Features weekly conversation with researchers, neuroscientists, educators, learning experts, and thought leaders who have expertise in cognitive/educational/social psychology, anthropology, learning and education, psychiatry, neurology, behavioral economics, special education, etc.
- Designed for an audience that includes educators, parents, speech-language pathologist, psychologists, occupational therapists, and the general public who is interested in personal growth and self-development
- Provides listeners with succinct takeaways for immediate applicability
- Over 200 episodes created and close to million downloads in over 110 countries

Clinical Experience

Cerebral Matters, Private Practice

January 2001 – present

Cognitive Rehabilitation/Executive Function Specialist

Atlanta, GA

Speech-Language Pathologist

- Clinical Assessment and Interventions
 - Administered diagnostic procedures to children, adolescents, and adults with cognitive and Executive Dysfunction, linguistic dysfunction, and reading and writing deficits resulting from varying diagnoses including Traumatic Brain Injury (due to motor vehicle accidents, falls, etc.), tumors, aneurysms, cardio-vascular accidents (CVAs), seizure disorders, ADHD (Attention Deficit Hyperactive Disorder), NVLD (Non-Verbal Language Disability), and LLD (Language Based Learning disability)
 - Provided weekly interventions to help develop cognitive-linguistic competence, social-emotional development, and Executive Function skills in the context of academic, personal, and job-related skills
 - Offered life-skills training to develop adaptive competence to apply in contexts outside the clinical setting, such as the classroom, home, and daily life
- Specialized Group Programs
 - Developed and have been successfully running several 10-day as well as 10-week long group training programs for the past 12 years addressing challenges in the areas of cognitive, linguistic, social, and Executive Function skills.
 - List of Programs
 - Working Memory Training
 - Social Cognition Training (SCT)
 - Executive Study Strategies (ESS)

Infinite know how

- Back to School (BTS)
- Academic Mastery Program
- Auditory Processing Training
- Abstraction and Critical Thinking Training
- Written Language Fundamentals
- Fundamentals of Lateral Thinking - Thinking beyond the obvious
- STEPS-Academic & Professional Reentry Training for patients with MTBI (Mild Traumatic Brain Injury)
 - Training levels
 - Level 1 - Elementary School children
 - Level 2 - Middle School children
 - Level 3 - High School children
 - Level 4 – College School children
 - Group size 6-8 students/members
- Consultation:
 - Worked as a consultant with several private and public schools in Greater Atlanta area and educated the teaching staff as well as the students about Executive Dysfunction
 - Consulted with various local public and private school to provide strategies to the teachers and discuss accommodations for their students to improve performance and academic success
 - Directed various team meetings and IEP meetings to discuss diagnosis and intervention for students who are currently receiving cognitive remediation
- Parent Training Workshops
 - Conducted quarterly workshops titled “Parenting a Disorganized Child” to discuss nature of executive dysfunction in children with ADHD, Learning Disabilities, Dyslexia and other neurological disorders and provide home management strategies
- In-services
 - Provided an ongoing in-service to professional staff and community members in hospitals, schools and community centers regarding management of cognitive impairments as a result of mild brain injury and managing executive dysfunction in children with ADHD, Learning Disabilities, Dyslexia and other neurological disorders

Massachusetts General Hospital & Private Practice
Cognitive Rehabilitation Specialist
Speech-Language Pathologist

Feb. 1994 – July 2001
Boston, MA

- Developed the “Steps to Success,” an intense comprehensive seven-week outpatient cognitive rehabilitation program for adults and adolescents with Mild Brain Injury with academic, professional, or vocational goals
- Directed “Brainwaves,” a monthly educational, social, and therapeutic support group meeting for the “Steps to Success” patient graduates and their families/friends
- Administered diagnostic procedures and treatment to adolescents and adults with higher

Infinite know how

level of cognitive/linguistic, reading and writing deficits resulting from varying diagnoses of brain injury such as MVA, fall, tumors, aneurysms, right/left CVA, seizure disorders, etc.

- Developed original creative material for treatment of students and adult patients with cognitive impairments leading to functional deficits
- Provide ongoing in-services to hospital professional staff and community members regarding management of cognitive impairments as a result of mild brain injury
- Developed clinical/educational Neuro-Rounds (bi-monthly) by collaborating with Psychiatry and Neurology Departments
- Frequently invited as a speaker at the Aneurysm Support Group Meeting and Tumor Support Group Meeting about attention, memory, and Executive Functions problems
- Administered diagnostic procedures and treatment to adolescents and adults with attention deficits and non-verbal learning disability
- Administered diagnostic procedures and treatment to transgender or transgendered adults with voice disorders
- Supervised students and clinical fellows during their clinical placement at the hospital
- Served as member of the hospital clinical committee on Ethics Education through collaborative governance at the MGH hospital
- With the help of patients, started a quarterly Brainwaves Newsletter to provide continuation of education and resources to patients with mild brain injury

Curriculum & Professional Development

“Organize Your Brain at School” (ORYBAS™) Training Program

September 2007 – May 2010

- Developed a pioneering Teacher Training Program called “Organize Your Brain at School” (ORYBAS™) that offers Curriculum Based Strategies to Enhance Executive Functions/Management Skills in School Aged Children
 - Offered 10 PLUs (professional learning Units recognized by State of Georgia) or 100 hours of training
 - Intense first year implementation followed by two years of adaptive refinement to support generalization
 - Five major components: 1. Lectures for Professional Development 2. Guided creation of ORYBAS™ lesson plans, 3. Classroom observations and written and video feedback 4. Didactic group discussion 5. Student training
 - Supervised implementation of special support for students with poor Executive Function skills

Infinite know how

Observations of Executive Function Skills in School Aged Children

- Developed an Executive Function inventory called “Observations of Executive Function Skills in School Aged Children” to assess Executive Function skills relevant for academic purposes
 - Specialized inventory for teachers to track student behaviors and provide feedback on Executive Function competence
 - Restructured Student Report Cards in order to address observable classroom behaviors and self-regulatory challenges during execution of tests/quizzes or papers and projects
 - Gathered preliminary data and refined the rating protocol

Leadership

- Founder and Weekly Volunteer of GSHA Gives!, a free communication training program aimed at teaching job re-entry skills for men who are previously homeless. Have provided 100 hours of free therapy since October 2017 2017- present
- Member of Leadership Atlanta Class of 2015: Selected among 400 elite applicants to receive Metro Atlanta’s signature nine-month, executive-level leadership development series. Through retreats, full-day seminars, service projects, discussion groups and community tours, members explore critical community issues, examined themselves as leaders, and built relationships of trust and mutual understanding 2015-2016 and ongoing engagement
- Founding Member of Georgia Speech-Language Hearing Foundation, a 501(c)(3) established in 2016 for the purpose of promoting and developing philanthropic, scientific, and educational initiatives to improve the quality of life for individuals who experience speech, language, swallowing, or hearing impairments, as well as the clinicians and teachers those who serve them. 2016-present
- TEDx Speaker at an independently organized TEDx Peachtree event, giving a presentation titled “Tune Up Your Mental GPS” November 2012
- Past-President of the Georgia Speech-Language Hearing Association 2017-2018
- Chair of the International Issues Board of the American Speech-Language Hearing Association (ASHA) 2021

Leadership Training & Professional Coaching

- ExQ Leadership Institute 2015 – Present
- Founder/Leader/Coach Atlanta, GA
- Master Class at the American Speech-Language-Hearing Association Annual Convention on “An Antiracist Ally: Committing to Racial Healing by Interrogating History, Implicit Bias & Personal Blind-spots” November 20, 2021
Washington, DC
